How do I vote on a working group ballot?
If you are a member of an ISO Working Group (WG), you may be asked to register a vote to document the consensus of the WG members regarding approval of a draft, question or revision decisions. Follow the directions on this document to register your vote or see below.

Voting on a Working Group CIB

Go to the ISO portal https://login.iso.org/portal/

Login and select Ballots
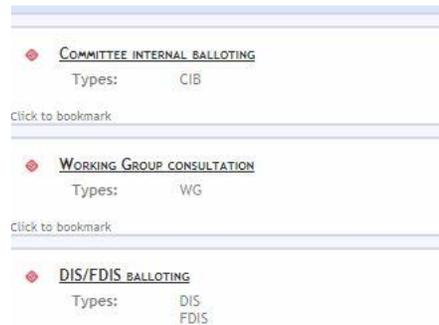

You then select Working Group Consultation

All open consultations will show.

Type	Working Group	Reference
WG	ISO/TC 293/WG 1	N29 ▾
WG	ISO/TC 293/WG 3	N046 ▾

Choose the one you want and click the arrow to bring up the menu then select Browse.

In the upper right corner you will see

Cast Vote. Select this to bring up your options.
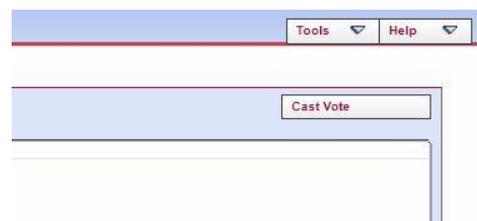

Use the pull down menu to see your vote options, select and then select Cast vote.

For any comments, send those by email to the convener as there doesn't appear any way to upload them.
