The screenshot displays a grid of service tiles on the ISO Platform portal. Each tile includes an icon, a title, a brief description, and a list of user roles with a person icon. The tiles are arranged in two columns. The first column contains: Documents (Document management systems for the collaborative development of standards. Roles: Committee members, Committee officers, Voters); Mirror Documents (Dissemination of ISO documents to National Mirror Committees. Roles: Committee members, Committee officers, Voters); Projects (Aggregated project status information for ISO committees and member bodies. Roles: Committee officers, Committee members); Global Directory (Central repository for managing committees, organizations, users and their roles for international, regional, and national work. Role: User administrators). The second column contains: Governance and PDCs (ISO Governance groups and Policy Development Committees using the former Document Management Platform. Roles: Committee members, Committee officers, Voters); Ballots (Support of consensus feedback processes in ISO standardization. Roles: Committee officers, Voters); Meetings (Support ISO committees meetings organization. Roles: Committee members, Committee officers); Submissions (Support of file and project data submissions to the ISO Central Secretariat. Role: Committee officers).
